Protocol No.: SPA-16/12

Dear Sir/Madam;

On behalf of Student Parliament of International University of Sarajevo, we are writing this letter in order to petition for final week issues that concern us about the following: mainly; inadequate time, to not study a proper way, low grades as consequence, and etc. In terms of the updated academic calendar of IUS, the last day of the classes is 8th of June, and the beginning of the final week is 9th of June.

Currently, this issue is high problematic issue among IUS students. Their request is that to be solved this problem as soon as possible, and to be announced. We want to be clarified the issues of final week as determining non-class period at least one week before final exams so that we can study well.

We would appreciate your approval of our petition. We kindly request you to take any necessary action.

Thank you for your kind attention to this matter,

SPIUS Chair
Hamidullah Bayram
