

# INFO

Dear students,

Whether you're an engineer, journalist, economist or lawyer, in most cases, you will become the part of certain organization. Development of you, as human capital, is equally important as the development of the company. Business Development Program represents the "package" that was made with the aim of strengthening the personal and professional skills in the field of modern business. Business Development Program – Leadership Module starts on November 30<sup>th</sup> 2015.

Use your chance and learn how to:

- Communicate in the organization,
- Lead and manage human relations,
- Develop the business plan,
- Write and manage projects.
