Languages

English – C2

Spanish – B1

Research focus

- Signal processing
- Data acquisition
- Machine learning
- Deep learning
- Feature extraction
- High Voltage Circuit Breakers

Summary

Expert in the field of instrumentation, measurement, data acquisition and signal processing field. Engaged in the industrial and academic research in the field of high voltage test equipment for condition assessment specialized in the high voltage circuit breaker niche.

Experience

Industry Expert Lecturer – 02/2023 to present

[International University Sarajevo](#)

- ENS211 Signals and Systems

Industry Expert Lecturer – 03/2015 to present

[Sarajevo School of Science and Technology](#), Sarajevo, BiH

- EE440 Multimedia Electronics
- EE410 Digital Signal Processing
- EE450 Selected Topics in Electrical Engineering

Technical Director – 08/2019 to present

[DV Power](#), Stockholm, Sweden

Manager of Software Engineering Department – 02/2012 to 08/2019

[DV Power](#), Stockholm, Sweden

Software Engineer – 04/2010 to 02/2012

[DV Power](#), Stockholm, Sweden

Maintenance engineer – 09/2009 to 11/2009

[New Technology](#), Sarajevo, BiH

Education

- **PhD Degree:** Automatic control and electronics – 2016 to present
PhD candidate
University of Sarajevo, Faculty of Electrical Engineering,
(Bosnia and Herzegovina)
- **Magister Degree:** Automatic control and electronics – 2010 to 2015
4 semesters
University of Sarajevo, Faculty of Electrical Engineering,
(Bosnia and Herzegovina)
- **Engineer Degree:** Automatic control and electronics – 2004 to 2010
9 semesters
University of Sarajevo, Faculty of Electrical Engineering,
(Bosnia and Herzegovina)
